TITLE
Show Set Design Intern

LOCATION
Winter Park, Florida

POSITION TYPE
Internship

GENERAL JOB DESCRIPTION
A Show Set Designer with AOA will already have a developed skill set and will look to grow and expand knowledge by working with senior staff on a range of ambitious and innovative projects. There will be a great deal of freedom, which will be matched with a demanding timeline and high expectations.

AOA has a dynamic and ever-changing portfolio with bandwidth covering show set design and production to media and content creation. The skills of our team are diverse and continuing to develop, and we support endeavors to educate and grow for the betterment of our AOA team.

As part of our design process we require high level, visually impressive computer-generated imagery to communicate our designs to our clients.

As a Show Set Designer you will require the following skills:
- Proficiency with 3DS Max
- Proficient in modelling, with experience in modelling for architecture or themed entertainment a plus.
- Proficient in rendering to a photoreal level with a professional rendering engine such as (but not limited to) Vray, Corona or Arnold.
- Experience with Unreal Engine or Unity is a plus but not required.
  Ability to post process images/animations in Photoshop or After Effects.
- Experience with common 3DS Max lugins such as Forest Pack, Railclone and others is a plus but not required.

All team members are responsible for helping to drive the creative direction of concept development, inspirational imagery, current trends, general art direction, and the detailed mechanics of the design integration into the overall project to help the team produce the best work possible.

SKILLS AND SOFWARE KNOWLEDGE

Required:
- Ability to accurately interpret concepts into CAD models and drawings, maintaining the design intent while considering buildability and functionality.
- Proficiency with Revit

- Experience with assembling drawing packages for production.3DS Max (with experience in either Vray, Corona, Arnold or similar render engine)
- 3D Modelling
- 3D Rendering (to a photoreal level, including texturing, lighting and postprocessing)
- Photoshop

Pluses:
- Experience with Rhino
- Solidworks, Fusion or similar
- Unreal Engine
- Lumion
- InDesign
- After Effects

ABOUT AOA

www.aoabuilds.com

AOA is an open environment and welcomes fresh, new ideas and pursuits within our industry. We are interested in exploration, yet we maintain focus on the tasks at hand which keep our company strong and grounded. We are not solely an art house environment and we are not solely a strict business environment. We are a complimentary blend of both in a responsible, goal-oriented manner that is laser focused on achieving success.

AOA is an Equal Opportunity Employer and a Drug Free Workplace
